A Child's Prayer.

A child oppressed with sin and care,
Worn with the burden hard to bear,
Bowed down before the throne of grace,
To find her soul a resting place.

"O Thou, who art the sinner's friend,
Thy listening ear unto me lend!
I am a sinner against thee,
O God, be merciful to me!"

Her prayer is answered. God sends peace,
And from her guilt gives sweet release.
She rises from her bended knee,
Rejoicing in the gift so free.

Bright angel forms were hovering there,
To listen to her earnest prayer;
And now on joyful wings they fly,
To bear the message to the sky.

Joy and rejoicing loud arise
Throughout the courts of paradise;
Another soul has been forgiven,
And gained a title clear to heaven.

That soul, when earthly toils are o'er,
To mansions of the blest shall soar;
Shall see her Saviour face to face,
And praise him for his matchless grace.

HEAD QUARTERS, POST NO. 2,

District of Providence, Department R. I.
"GRAND ARMY OF THE REPUBLIC,"
Newport, R. I., May 23, 1868.

GENERAL ORDERS}
No. 5.}

I. In accordance with orders from Major General John A. Logan, Commander-in-Chief of the "Grand Army of the Republic," this Post, in connection with all others throughout the United States, will, on Saturday, the 30th inst., engage in the touching and appropriate ceremony of decorating with flowers the graves of our Comrades who sacrificed their lives during the late war.

A tribute of this sort paid to the memory of brave, devoted men whom we, our children, and our children's children will always delight to honor, strongly recommends itself to the hearty sympathy and co-operation of the whole community. We therefore trust the citizens generally will join with us in showing this evidence of respect and gratitude to the honored dead. It is no idle ceremony, but rather a fitting expression of a nation's appreciation of the fearful sacrifice we have sadly paid for our national preservation.

II. It has been deemed eminently proper that the demonstration should partake somewhat of a military character. To this end the troops enumerated in a following paragraph of these orders, will form a part of the column.

III. All ex-officers, soldiers and sailors, not members of the "Grand Army of the Republic" who have received an honorable discharge from the service of the United States are cordially invited to unite with this Post on the occasion.

IV. The line will be formed at 2 o'clock, P. M., on South Touro street, the right resting opposite the "Atlantic House."—Troops on arrival will be reported to the Assistant Adjutant General.

The following will be the order of march:

The Commander of Post No. 2, G. A. R. and Staff.
Officers and Members of Post No. 2, G.A.R.
Ex-Officers, Soldiers, and Sailors of the United States.
Band 3d U. S. Artillery.
Bvt. Brig. Gen. Horatio G. Gibson, Major, 3d U. S. Artillery, commanding all the troops—and Staff.
Battalion 3d U. S. Artillery.
"Newport Artillery."
"Aquidneck Rifles."
"Burnside Guards."
"Newport Light Infantry."
Officers and Crew of U. S. Revenue Cutter "Crawford."
Carriages conveying Clergy and Speakers and children of deceased soldiers, carrying flowers and wreaths.
His Honor, the Mayor of Newport and other Members of the City Government.
United States Civil Officers.
Children of the Public Schools.

The troops will be formed left in front, by battalions. The column will move down South Touro street to Bowery, down Bowery and Young to Thames, up Thames street to the Cemetery where the ceremonies will be held.

V. It is requested that the citizens along the line of march drape the buildings in mourning, so far as practicable; that the stores be closed, and the flags in the city, and on the shipping in the harbor be displayed at half mast.

VI. The Members of this Post, together with the ex-Officers, Soldiers and Sailors of the United States service, will assemble on the lower floor of the State House at 1 o'clock, P. M.

BY COMMAND OF BVT. BRIG. GEN. GEO. W. TEW
J. A. JUDSON,
Assistant Adjutant General.

OIL WORKS.—It would seem that the business of extracting fish oil as carried on in this vicinity is not as profitable as has generally been supposed. The Atlantic Oil and Guano Works situated in Portsmouth cost originally not far from $70,000. They were then sold for $30,000 and were again disposed off a few days since for $17,700 to Mr. Pierre of Providence.

THE WAR DEPARTMENT.—The contention over the War Department seems at length at an end. Impeachment having failed, Mr. Stanton has resigned and Gen. Schofield is reported as having been nominated and confirmed by the Senate as Secretary of War. This is, probably as good an appointment as could be made under the circumstances, and it is to be hoped, will aid in restoring quiet to the country at large. This matter now settled and impeachment over congress should attend only to legitimate legislation for the remainder of the session.

Baptist Anniversaries.

NEW YORK, May 28 1868.

To the Editors of the *Daily News*:

Yesterday was a pleasant day, sandwiched between two stormy ones. The weather of this, the third day of the anniversaries, is as the first, but somewhat more abundant But we comfort ourselves that it is good for the grass, if not for delegates.

BAPTIST HISTORICAL SOCIETY.

The Baptist Historical Society, under the directing influence of Rev. Howard Malcom, D. D., was addressed this forenoon in the Calvary Baptist Church, 23d St., by Rev. Dr. Sampson of Washington. Dr. Sampson is somewhat spare in proportions, and evidently believes in coupling action with speech. His oracular movements are certainly quite forcible, though fastidious persons might consider them as falling, in grace, fulness, somewhat

"below
Demosthenes or Cicero."

His remarks produced some favorable impressions, and, at several points, was greeted with applause.

AMERICAN & FOREIGN BIBLE SOCIETY.

The American and Foreign Bible Society was in session also in the forenoon. The occasion was pronounced the best anniversary ever enjoyed by the Society. At the business meeting a committee of seven was appointed to confer with a corresponding committee from the "American Bible Union," with reference to a union of the two societies. The meeting was addressed by Rev. Wm. Bainbridge of Erie, Pa., Rev. Dr. Fish, of Newark, N. J., and others. The audience seemed to be strongly in sympathy with the "Bible Union."

AMERICAN BIBLE UNION.

The American and Foreign Bible Society was formed by Baptists when in 1836 the American Bible Society declined to assist in the circulation of Dr. Judson's Burmese translation of the Scriptures. The ground of this refusal was, virtually, that Dr. Judson had translated the word "baptizo," "I immerse." The American and Foreign Bible Society supported faithful translations of the Bible into other tongues, but continued the circulation of King James version in English.

But there were some who felt that if the principle was a true one, it ought to be carried out, in other words that if a correct, faithful translation of the scriptures is good for the heathen it is good also for the enlightened anglo saxon. In this thought lay the germ of the American Bible Union.—The Union was formed amidst reproach and predjudice even from Baptists, but confident in its fundamental principle it has moved on increasing in prosperity and winning first the respect and then the friendship and support of those who at first opposed. The two societies have for the last few years been, perhaps a little timidly and perhaps a little jealously, making love to each other, and there now seems a fair prospect that a union will be effected. The Bible Union appointed this afternoon a committee of seven to confer with the committee of the A. F. B. S.

The Union occupied the afternoon and evening. This however is not its anniversary, but its semi annual meeting. The semi annual report was made by the secretary and its acceptance was moved in a brief speech by Mr. Francis of Cal. and the motion was seconded in a characteristic and very eloquent speech by Rev. J. P. Fulton of Tremont Temple, Boston. Remarks were also made by Rev. J. M. Haswell the missionary, Dr. Conant, one of the Bible Society translators, Dr. Brown, chancellor of University at Lewisbugh, Rev. A. J. Gordon, Rev. T. Armatage, D. D. Rev. A. DeGillette, D. D. Rev. W. H. Wyckoff, D. D. Rev. R. Babcock, D. D. Rev. N. Colan, D. D. and others. The session was one of deep interest.

In the evening the stormy weather made the audience rather thin. An address was read by Rev. A. N. Arnold, D. D. of Madison University, and another by Rev. T. Armatage, D. D., the president of the union.

The Bible Union has completed the revision of the New Testament.

This revision has been before the public for two or three years. The principle objection to it by non-baptists is the litteral translation of "baptizo." The translators however declare that their guiding principle, a faithful translation of all words capable of translation, left them no choice.

The book of Genesis is just issued and will be largely sought for. It is well printed, and in large clean type, and is accompanied by a condensed commentary, the fruit of the research incident on the work of revision. It can probably be obtained at Ward's or at the other Newport book stores by those who desire to examine it.

[*For the Daily News*]

An Inquiry.

MR. EDITOR.—I notice in your issue of the 27th that the pupils of the Public Schools, were invited to participate in the celebration on Saturday the 30th, and in decorating the graves of heroes who fell during the late war. Where are the Private Schools? why are they left out in the cold? why should they not participate also, and show their love and esteem for the fallen brave?

C. T. W.

The questions raised above are very proper. We learn from the Post Commander that it is desired to have the Children of all the Schools, both public and private participate in these, memorial services. All will be made welcome in the procession.

About Home.

—o—

A SUGGESTION.—As our citizens are taking no little interest in the proposition to decorate the soldier's graves on Saturday we suggest that those who have not flowers to contribute, hand in some offerings in money to aid the Post in defraying certain expenses incident to the occasion. It is true the organization does not make any appeal for aid of this kind, but we think the propriety of such a course will commend itself to many of our citizens. The surviving soldiers are not generally "rich men," and those of us who remained at home during the war will be glad to support in this movement as we did when they were at the front. Any contributions sent to the Daily *News* office will be cheerfully forwarded to the officers, or they may be doubtless sent direct to the headquarters of the Post.

HISTORY OF NEWPORT.—It is said that Hon Henry Rousmaniere who died on the 19th inst was engaged in writing a history of Newport. We are not informed as to how far the work had advanced but trust it will be carried by some competent hand to completion, our city is rich in materials for such a history, and Mr. Rousmaniere is spoken of as having been well adapted to the undertaking. As is well known he was himself an old resident of the city.

FOR PROVIDENCE.—On and after to-day the city of Newport, Capt. Kelly, makes two trips a day between this city and Providence.

CLOSING THE STORES.—It will be seen by the orders of General Tew that the merchants and others are requested to close their places of business during the ceremony of decorating the soldiers graves. We trust this request will be generally complied with and that all classes will join in this mental tribute to the heroic dead.

SUNDAY LAWS.—We have received a pamplet entitled "The Sunday law Unconstitutional and Unscriptural by N C Nash." It is the argument of that gentleman before the Massachusetts Legislature, and on looking it over we are not surprised that he failed to convince that body that his doctrine was good. As the Sabbath is the great distinguishing feature of Christianity it is not strange that infidels and errorist generally attack it and seek to follow the example of France in its abolition.

ADVERTISING.—These are the times in which to advertise, when business is dull and money scarce. Under such circumstances a man must be alive and stirring in order to get his share of trade.

Literary Notices.

MOZART: A Biographical Romance, from the German of Heribert Rau, by E. R. Sill, Leypoldt and Holt New York.

This is a historical novel and one of the best of its class. Mozart will ever be recognised as one of the masters of the musical art and his name is already familiar in every written language. The story of his life is itself a romance, for the wondrous exhibitions of his genius far surpass the ordinary creations of the novelist. That story is here well told, in a way that cannot fail to interest and please. Whoever commences this book will desire to finish it, for the style is good, and the interest increases to the end. It is for sale in this city, by C. E. Hammett jr.

AUTOBIOGRAPHY OF ELDER JACOB KNAPP: With an Introductory essay by R. Jeffery. Sheldon & Co., New York,

We confess to a personal prejudice against Elder Knapp. His oddities, his coarseness, not to say vulgarity and profanity in the pulpit, never pleased us. We have heard him when it seemed that for ordinary mortals to talk as he did would be the height of wickedness, And yet Mr. Knapp may have been an instrument of good to many. It is possible that he is not to be judged by ordinary standards. He has certainly led a remarkable life and his book must abound in incidents that cannot fail to awaken attention. His revival labors have extended to all parts of the country, and his preaching has produced wondrous effects. The autobiography before us has evidently been prepared with care and will have a large sale.

It certainly furnishes much interesting reading matter, and we trust that its circulation may do no little good. It is to be found at Hammett's.

LANDMARKS OF HISTORY. Part III., By Miss Yonge. Published by Leypoldt and Holt. New York.

As its title indicates this is an epitome of historical facts, a sort of historical cyclopedia in which the most important events of the period sketched are brought into a brief and convenient space. That period begins with the reformation and comes down to the death of the first Napoleon, and it is remarkable that so great a fund of valuable information has been gathered in such limits. To persons who have not the time nor inclination to read the larger works on this subject this is a very desirable book. To all classes it is valuable for reference. It is not, however, a mere collection of barren facts and figures, but is written in good style, and presents fair literary attractions. We have never seen the other volumes but presume they are of the same character as the one in hand. May be had at Hammetts

EATONS ELEMENTS OF ARITHMETIC; Adapted to the best mode of instruction for Beginners. By James S. Eaton M. A. Taggard & Thompson, Boston, Publishers.

Or any other of the "seven traitors," seeing that we are a traitor,"ourself. Andy Johnson and Frank Blair, too, are spoken of. Who next? What next? No, gentlemen, excuse us. If so hard pressed for material as to be forced outside of the Democratic party for a candidate, we are for Chase If there is to be a "bargain," let there be a 'consideration.' If there is to be a sale let us have "value received," even if paid in "greenbacks." If for lack of brains we are compelled to fall back on an "outsider," let us see to it that we get brains. But we have material, brains, everything in abundance; and there will be no sale."

A terribly fatal disease is now raging among the cattle in some portions of Illinois. Over one hundred head have fallen victims to it within the past few days. It usually kills in a few hours. No premonitory warnings are given, and although the skill in possession of ordinary practitioners has been brought to bear upon it yields to no remedy or treatment, and is fatal in every instance. Its name and nature have not yet been determined.

To the Public.

THE CHICKERING AND THE STEINWAY PIANOFORTES.—The undersigned wish to state to their friends and the public generally that they relinquished the agency for the sale of the Chickering pianofortes in this city, and placed their appointment in the hands of the Messrs. Chickering, on the 4th of the present month. The reason for this step may be learned from the following extract from a regular business letter received by the undersigned from the Messrs. Chickering, dated April 23, 1868:

"We some time ago became convinced that two first class pianos could not be sold by one agent, and justice done to both manufacturers, and accordingly we have requested nearly all of our agents who hold also the agency of the Steinway pianos to give up either the one or the other."

This tells the whole story. It is an unmistakable admission, by the Messrs. Chickering, of what is an indisputable fact, that the Chickering instruments, however excellent they may be—and the undersigned have no disposition to dispute or underate their excellence—cannot, when placed on the same floor and side by side with the Steinway instrument, successfully compete, in the market, with those *unrivalled pianofortes*. During the long time that the undersigned have acted as agents for the Messrs. Chickering and the Messrs. Steinway, they have exerted themselves *alike and to the utmost*, to sell the instruments and advance the reputation of both these deservedly eminent firms, but notwithstanding their strenuous and impartial efforts, the demand for the Steinway pianofortes, of every class, has greatly exceeded that for the Chickering instruments, and the sale of the former has constantly been larger and more rapid, though the Messrs. Steinways' prices for each class of their pianos, are invariably higher than those of the Messrs. Chickering.

This has been the case in the other States of the Union, for, according to the United States official revenue returns, the sales of the Steinway pianofortes, year before last, (1868,) amounted to $1,001,161, while those of the Chickering instruments for the same year, were but $651,281.

Under these circumstances, and in view of the very significant fact that the Steinways make no objections whatever to having *their* pianofortes placed side by side with the Chickering instruments, and sold by the Chickering agents, the undersigned deemed it to be for their interest, when invited to "*give up either one or the other*," to give up the Chickering agency and retain that of the Steinways.

Thanking their friends and the public for past favors, the undersigned hope to merit a continuance of the same by keeping for sale, at all times, an abundant supply of the best pianofortes made in America.

"Blessings Brighten as they Take their Flight."

Home, friends and all the enjoyments of life seem infinitely more dear to the sufferer from nervous debility when the probability is that, ere long, he must leave them forever. When the health has become impaired, and the strength is failing, then life looks more alluring. Stimulants are the only means of restoration in cases of nervous debility. The great difficulty has been to provide a stimulant possessing not only medicinal merit, but one affording permanent relief. If HOSTETTER'S STOMACH BITTERS is resorted to in such cases, its beneficial effects will soon become apparent in the buoyancy of spirits and renewed strength of the hitherto dejected patient. Experience has proved this preparation to be "THE REMEDY OF THE AGE" for NERVOUS DEBILITY, as well as all diseases arising from derangement of the stomach and liver.

Persons advanced in life, and feeling the hand of time weighing heavily upon them, with all its attendant ills, will find in the use of HOSTETTER'S CELEBRATED STOMACH BITTERS—an elixir that will instil new life into their veins; restore, in a measure, the ardor and energy of more youthful days; build up their shrunken forms and give health and vigor to their remaining years. Those who are in the least afflicted with Dyspepsia, Ague, Languor Nausea, or any other troublesome and dangerous disease, arising from a disordered system, should not hesitate to avail themselves of the benefit derived from this great remedy.

The immense quantities of this invaluable tonic that are consumed, and which is steadily increasing, year by year, is sufficient in itself to disarm the most skeptical.

MACBETH MURDERED SLEEP.—Dyspepsia is constantly repeating that crime. It can be most surely averted by use of SONOMA WINE BITTERS, a delicate and cordial stimulant. prepared only by C. A. RICHARDS & CO., Boston.

EXTRACT OF RYE.—A pure, simple Extract of Rye, used as a beverage, or for medicinal purposes, is the best thing to be had. For sale by C. A. RICHARDS & CO., 99 Washington street, Boston, largest Retail Wine and Spirit House in America.

FEW PEOPLE unacquainted with physiological chemistry are aware of the quantity of iron in the blood, but all should *know* the importance of keeping up the supply, for debility, disease and death are sure to follow when the quantity becomes reduced too much. The Peruvian Syrup (a protoxide of iron) supplies this vital element, and has cured many chronic diseases.

AT THIS LATE DAY, it is not necessary to present reasons to prove the usefulness and profitableness of general insurance. Yet the same arguments that tend to show that it is wise to insure your life or your residence weigh even more strongly in favor of protecting stock, because horses and cattle are far more perishable in their nature than houses or human lives. In the loss of insured live stock, rich and poor alike receive an absolute equivalent for the property. The ÆTNA is second to none in its liberal table of rates.

NO LOSS CAN BE MORE FATAL TO BEAUTY, ESPECIALLY in the female sex, than the loss of the hair; glossy, luxuriant hair is one of the most powerful of all personal charms. When baldness or even a deficiency of hair exists, we naturally look for a dry and wrinkled skin, a faded complexion; when not actually seen, we see them in imagination. Why, then, not cultivate your hair? Encourage it and strengthen it; or, if your hair is gray or white, the natural color can be restored by a few applications of MRS. S. A. SPECIAL NOTICES.

Wistar's Balsam of Wild Cherry

For the cure of *Coughs, Colds, Hoarseness, Asthma Influenza, Croup, Whooping Cough, Bronchitis, Predisposition to Consumption, &c., &c.*

This great remedy is too well known and is performing too much good to make it necessary to go into an elaborate discussion of its merits. Suffice to say that it still maintains its supremacy in curing diseases of the most obstinate character, and that all who suffer from the above complaints, after having tested this remedy, seldom have occasion to resort to other appliances to insure a perfect restoration to health.

From SAMUEL A. WALKER, Esq., of Boston,
The well-known Auctioneer.

To Seth W. Fowle.

My Dear Sir—Having experienced results of a satisfactory character from the use of WISTAR'S BALSAM of WILD CHERRY, in cases of severe colds, during the past two years, I am induced to express the full faith I have in its renovating power.

I was first induced to try it in medicine as an experiment, about two years ago, in connection with the strong recommendation of a friend, who was well-nigh gone with Consumption, and whose relief from the use of it satisfied me of its great value in cases of colds and decline, and most clearly demonstrating, to my mind, its great value as a restorative, that only needs a fair trial to insure a grateful demonstration from the public.

Your obedient servant,
SAMUEL A. WALKER.

C. A. RICHARDS & CO.

Would most respectfully solicit the attention of the

Throughout the country, to the

VERY HIGH AND RESPECTABLE TESTIMONY

THAT HERE SET FORTH.

They have in their possession a paper bearing the actual signatures of these leading Wholesale Druggists, besides the signatures of all the large Druggists in the principal cities in the New England States.

We, the undersigned, Wholesale Dealers in Drugs and Patent Medicines, &c., in Boston, would say in answer to an inquiry made by Messrs. C. A. RICHARDS & CO. that we believe the

"SONOMA WINE BITTERS"

made by them, to be the very best article of the kind that has ever been placed before the American public, and that it meets a positive want, inasmuch as there was no other well known Bitter made with PURE CALIFORNIA WINE until Messrs. C. A. RICHARDS & CO. placed their article upon the market.

The formula for manufacturing these Bitters has been explained and exhibited to us by Messrs. C. A. RICHARDS & CO., and it has elicited our cordial approval as a thoroughly scientific preparation. Although but a few months have passed since its first introduction, we already consider these Bitters a standard article in our business.

is not convincing proof that our Bitters are fairly entitled to the place they now occupy as the best and most saleable Bitters now before the public.

Boston.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries. Caveats, Specifications, Bonds, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. R. H. EDDY.

Testimonials.

"I regard Mr. Eddy as one of the most capable and successful practitioners, with whom I have had official intercourse.
CHARLES MASON,
Commissioner of Patents.

"I have no hesitation in assuring inventors that they cannot employ a person more competent and trustworthy, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that is now pending. Such unmistakeable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges.

TELEGRAMS.

Last Evening's Specials.

FROM WASHINGTON.

A Special to the Press says General Lorenzo Thomas, Secretary of War *ad interim*, believing that all the difficulties about the War Department were smoothed over by the acquittal of the President and the resignation of Mr. Stanton, went to the War Office this morning, to take possession of it. He saw General Townsend, who was left in charge of the papers, books and archives by Stanton, and made known the object of his visit.

Gen. Townsend said that according to the terms of the letter of resignation written by Secretary Stanton, he held possession of the War Department property, subject to instructions from the President.

Gen. Thomas replied that he still retained the order given him by the President, and addressed to Secretary Stanton, on the 21st of February, for the surrender of the War Department.

Gen. Townsend replied that the circumstances of the case were altered and that a new order from the President was necessary before he could surrender his charge.

Gen. Thomas thereupon went over to the White House, where he spent over half an hour in conversation with the President, and afterwards betook himself to the War Department, where he engaged in another conversation with Gen. Townsend and with Gen. Schriver and Paymaster Bryce. He is not yet in possession, and the doors which were originally barred by Stanton remain barred still.

Mr. Chas. Wooley, the only State prisoner at present in possession of the government, is still imprisoned in the committee-room. He seems to take his deprivation of liberty quite philosophically. He says he slept better last night than he has done for some time. On the whole he is well satisfied with his quarters, and if he is not subjected to any more severe punishment it is scarcely probable that Butler will be able to get further information out of him respecting the whiskey ring, the gold ring, the impeachment ring, and Thurlow Weed.

This morning Mr. Wooley signified to the sergeant-at-arms, Mr. Ordway, that he was ready to go before the Managers and answer any proper questions that might be put to him. He was accordingly brought before them, whereupon Butler put the old question to him, as to what he did with the $20,000 hitherto unaccounted for.

Woolley said he could not answer that as he did not think it was a proper question. Butler told him it was no use to proceed with the examination until that question was answered, he therefore told Ordway to lock Woolley up again.

The Special to the Boston Journal says Gen. Thomas was at the White House and at the War Department to-day, but did not attempt to transact any business as Secretary of War. The number of guards at the War Department have been reduced, and Assistant Adjutant General Townsend remains as the custodian of the building.

The Senate Committee on Military Affairs has agreed to report favorably on the nomination of Gen. Schofield as Secretary of War, and he will probably be confirmed.

There is a manifest disposition to adjourn at the earliest possible day, but that will be several weeks hence.

PROPOSED ADJOURNMENT.

WASHINGTON, May 27, 1868.

A special of last evening says: the Senate could probably have confirmed Gen. Schofield as Secretary of War in Executive session, but for Mr. Sumner's objection, which, under the rules, carried it over for a day. Mr. Wilson and other Impeachment Senators are urgently in favor of confirmation. Gen. Grant has also told several Senators that he believed the interest of the country require Gen. Schofield's confirmation. He said this in answer to direct question asked him, and did not volunteer any advice. It is believed the President regrets that he sent in Gen. Schofield's name, but he could not withdraw it without incurring the criticism that he was insincere when he made the nomination, and made it to affect the votes of Senators in the impeachment trial.

There is a disposition on the part of a large number of the members of Congress to adjourn about the 1st of July, in order that they may actively enter on the presidential canvass.

—o—

SENATOR ROSS.

Senator Ross made a personal explanation, defending himself against the charges made against him and asserting his conscientiousness in the course pursued on impeachment. There were some things however, which he did not explain.

THE

UNION PACIFIC

RAILROAD COMPANY

OFFER A LIMITED AMOUNT OF THEIR

First Mortgage Bonds

AT PAR,

PRINCIPAL AND INTEREST

Payable in Gold.

THE GREAT PACIFIC RAILROAD LINE extending 1721 miles from Omaha, on the Missouri River, to the tide-waters of the Pacific Ocean, is being built by two powerful Companies—THE UNION PACIFIC, beginning at Omaha, building West, and the Central Pacific of California, beginning at Sacramento, building East, until the two roads shall meet.

Both Companies have prosecuted the work with great vigor, the Union Pacific having already expended over

THIRTY MILLION DOLLARS,

and the Central over *Twenty Millions*, upon their respective parts of the undertaking. THE UNION PACIFIC HAVE COMPLETED 550 MILES—have iron and other materials for two hundred miles more upon the ground, and one hundred additional miles are ready for the track. They will have a much larger force employed this year than ever before, and it is expected that between

800 and 900 MILES

will be in operation during 1868. There seems to be no reasonable doubt that the distance between Omaha and Sacramento will be traversed by rail in 1870.

THE GOVERNMENT GRANTS 12,800 acres of land, and its Bonds to the average amount of $28,000 per mile, to aid in the construction of the line, and authorizes the issue of the First Mortgage Bonds now offered for sale, to the same amount and no more. The Government takes a second lien and gives to the First Mortgage Bondholders a prior lien for their security, to which a large paid-up capital is added. The Bonds cannot be issued except as each section of twenty miles is accepted by Government commission, so that they always represent a real property.

It is universally admitted that on the completion of the Union Pacific Railroad, its through business will make it one of the most profitable in the world—but its *way*, or *local* business is already several times the interest on its bonds; so that, if not another mile were built, they would be a secure investment.

THE NET EARNINGS for eight months of last year on an average of 386 miles are officially reported at $1,000,130, while the interest on all the Bonds it could issue on that length of road for that time, reduced to currency, was only $315,855.

The amount paid by the Government for the transportation of troops, munitions, stores and mails has been, and doubtless will continue to be, much more than the interest on the United States Second Mortgage Bonds. If it is not, the charter provides that after the road is completed, and until said bonds and interest are paid, at least five per cent. of the net earnings of the road shall be applied to such payment.

The Union Pacific Bonds are for $1,000 each, and have coupons attached. They have thirty years to run, and bear annual interest, payable on the first days of January and July at the Company's Office in the City of New York, at the rate of six per cent. in gold. The Principal is payable in gold at maturity. At the present rate of gold, these bonds pay an annual income on their cost of

NEARLY NINE PER CENT.,

AND IT IS BELIEVED THAT THEY WILL SOON BE AT A PREMIUM.

The Company have but a very limited supply of their Bonds remaining on hand, but any subscriptions accepted to a greater amount than can be filled from Bonds now in the Company's possession, will be supplied from the New Bonds to be issued on that portion of the road completed in the Spring, in the order in which they are received.

The Company reserve the right to advance the price of their bonds to a rate above par at any time, and will not fill any orders or receive any subscriptions on which the money has not been actually paid at the Company's office before the time of such advance.

Parties subscribing will remit the par value of the bonds and the accrued interest in currency at the rate of six per cent. per annum, from the date on which the last coupon was paid. Subscriptions will be received in Newport by HENRY BULL & CO; NATIONAL EXCHANGE BANK, Newport; NEWPORT NATIONAL BANK; and in New York

At the Company's Office, No. 20 Nassau Street,

AND BY

John J. Cisco & Son, Bankers, No. 59 Wall Street,

And by the Company's advertised agents throughout the United States.

Remittances should be made in drafts or other funds par in New York, and the Bonds will be sent free of charge by return express. Parties subscribing through local agents, will look to them for their safe delivery.

A PAMPHLET AND MAP FOR 1868 has just been published by the Company, giving fuller information than is possible in an advertisement, respecting the Progress of the Work, the Resources of the Country traversed by the Road, the Means for Construction, and the Value of the Bonds, which will be sent free on application at the Company's offices or to any of the advertised agents.

DR. DIX

boldly asserts (and it cannot be contradicted, except by Quacks, who will do or say anything, even perjure themselves, to impose upon patients) that he

Is the only regular graduate physician advertising in Boston.

SIXTEEN YEARS

engaged in treatment of Special Diseases, a fact so well known to many Citizens, Publishers, Merchants, Hotel Proprietors, &c., that he is much recommended, and particularly to

Strangers and Travelers.

To avoid and escape Imposition of Foreign and Native Quacks, more numerous in Boston than other large cities,

DR. L. DIX

proudly refers to Professors and respectable Physicians—many of whom consult him in critical cases, because of his acknowledged skill and reputation, attained through so long experience, practice and observation

AFFLICTED AND UNFORTUNATE!

be not robbed and add to your sufferings in being deceived by the lying boasts, misrepresentations, false promises and pretensions of

FOREIGN AND NATIVE QUACKS,

who know little of the nature and character of Special Diseases, and less as to their cure. Some exhibit forged Diplomas of Institutions or Colleges which never existed in any part of the world; others exhibit Diplomas of the Dead, how obtained, unknown; not only assuming and advertising in names of those inserted in the Diplomas, but to further their imposition assume names of other most celebrated Physicians long since dead. Neither be deceived by

QUACK NOSTRUM MAKERS,

through false certificates and references, and recommendations of their medicines by the dead, who cannot expose or contradict them; or who, besides, to further their imposition, copy from Medical books much that is written of the qualities and effects of different herbs and plants, and ascribe all the same to their Pills, Extracts, Specifics, &c., most of which, if not all, contain Mercury, because of the ancient belief of its "curing everything," but now known to "kill more than it cures," and those not killed, constitutionally injured for life.

IGNORANCE OF QUACK DOCTORS AND NOSTRUM MAKERS.

Through the ignorance of the Quack Doctor, knowing no other remedy, he relies upon MERCURY, and gives it to all his patients in Pills, Drops, &c., so the Nostrum-Maker, equally ignorant, adds to his so-called Extracts, Specific, Antidote, &c., both relying upon its effects in curing a few in a hundred, it is trumpeted in various ways throughout the land; but, alas! nothing is said of the balance; some of whom die, others grow worse, and are left to linger and suffer for months or years, until relieved or cured, if possible, by competent physicians.

BUT ALL QUACKS ARE NOT IGNORANT.

Notwithstanding the foregoing facts are known to some Quack Doctors and Nostrum Makers, yet, regardless of the life and health of others, there are those among them who will perjure themselves, contradicting giving mercury to their patients or that it is contained in their Nostrums, so that the "usual fee" may be obtained for professedly curing, or "the dollar" or "fraction of it" may be obtained for the Nostrum. It is thus that many are deceived also, and uselessly spend large amounts for experiments with quackery.

DR. L. DIX'S

Dr. DIX having devoted over twenty years to this particular branch of the treatment of all diseases peculiar to females, it is now conceded by all (both in this country and in Europe) that he excels all other known practitioners in the safe, speedy and effectual treatment of all female complaints.

Peerless Cooking Stove,

HEAR what the Boston Journal says of this super or article:

Among the peculiar merits claimed for this stove is the complete ventilation and even temperature of the oven, making it a roasting rather than a baking oven, which is secured by a peculiarly constructed air chamber, which heats the air as it passes down behind the fire pot and into the oven, causing the oven to bake or roast perfectly and evenly, a great desideratum with a careful house-wife: the perfect control which can be kept over the fire, and its cleanliness. This stove works equally well with coal or wood. These stoves are of different sizes, and are made plain or with an extension top, the latter being made with a large reservoir for hot water on the top and a warming closet underneath. Those of our readers who would like to keep up with the times would do well to call and examine this "Peerless stove." Sole agent in Newport,

MEDICAL AND SURGICAL OFFICE,

No. 18 1-2 Howard Street, Boston.

DR. W. F. PADELFORD gives exclusive attention to diseases of the genito-urinary organs, and all diseases of a private nature in both sexes.

DR. PADELFORD has gained a greater celebrity for the cure of the above diseases than any physician in America. His great success in these long standing and difficult cases, such as were formerly considered incurable, is sufficient to commend him to the public as worthy the extensive patronage he has received. Therefore, persons afflicted with diseases of the above nature, no matter how difficult or long standing the case may be, would do well to call on Dr. Padelford, at his office, and if not effectually relieved, no remuneration will be required for his services.

It is deplorable to witness some of the cases that are presented to him, where the disease has been driven into the system by quacks, the abuse of Mercury and Copaiva, &c., to break out again in the forms of spots and ulcers on the body, pain in the joints, sore throat, night sweats and emaciation.

DR. PADELFORD is admitted by the best medical talent of the country to have no equal, and it is no unusual occurrence for physicians in regular practice to recommend patients to him for treatment when afflicted with diseases in his specialty.

TO YOUNG MEN.

Seminal Weakness, or Constitutional Debility, brought on by secret habit indulged in by young men—this is one of the greatest evils that can befall man, for it begets disease of the heart, consumption, dyspepsia, emaciation of the frame, and finally ends in complete idiocy. By causing a rush of blood to the head, it often terminates in apoplexy.

Persons suffering from NERVOUS DEBILITY, especially those contemplating marriage, should lose no time in making immediate application.

TO FEMALES.

Females will receive the most scientific attention, both medically and surgically, with private apartments during sickness, and with old and experienced nurses, if they wish.

DR. PADELFORD'S FEMALE MONTHLY DROPS, for Suppression, Irregularities, &c., &c. Warranted in all cases. Price $10—sent by express to all parts of the country.

The poor advised free of charge. Physicians or patients wishing his opinion or advice, by letter, and enclosing the usual fee, will be answered by return mail.—n&j 1y
